## ADDENDUM TO DENTAL RELEASE

**Please fill out for your cat's dental cleaning appointment. If you would like, you can fax it back to 479-251-8636 or bring it with you at the time of your appointment.**

We now have available OraVet; a dental sealant for cats recommended by board certified veterinary dentists. OraVet is applied after your cat's teeth cleaning and provides a barrier to plaque and tarter for approximately 45 days. The cost is \$12.00 for an application.

Would you like OraVet applied to your cat's teeth?  YES  NO

To provide continuous protection against dental disease, we recommend applying OraVet once a week beginning two weeks after your cat's dental cleaning. This is applied by rubbing it directly on to your cat's teeth. A bottle of OraVet will cost \$24.00.

Would you like to purchase an OraVet Kit?  YES  NO

\_\_\_\_\_ I would NOT like OraVet for my cat at this time.
